- 5) That Sir, the DOP vide Orders (i) No CE/TP &M/SLDC/2012-2013/924-63 Dated 30/01/2013 has temporarily withdrawn the power allocation to the heavy industries on technical ground till the power availability improves and (ii) No CE/TP &M/SLDC/2014-2015/598-630 Dated 22/10/2015 has restricted the Power allocations to various Districts and Divisions in view of onset of Low Hydro season. (See-Annexure-E & F)
- 6) We have been drawing power from open market due to the above said restriction and temporary withdrawal of power to our industries by the DOP and we are paying the DOP the Transmission charges and bearing the Transmission losses (See -Annexure-G & H). So there is no question of minimum charges being charged from us as there was withdrawal of power from the side of DOP. Moreover, we have paid the regular bills raised by the DOP on the basis of limited power supplied to us during the said period and as such raising the revised bill for that period for minimum charges separately is defective and we are not at all liable to pay the same.

Therefore, We appeal to you (a) to set aside and quash such defective bill (b) To direct DOP not to raise bills in respect of such period and not to disconnect the electricity supply due to nonpayment of such defective billing and to pass an Interim order not to disconnect our electricity supply till the disposal of representation.

Thanking You
